| Total | 72,506 | 896 | 960,644 |

¹This includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are those without a positive diagnostic test who present COVID-19-like symptoms and had close contact with a confirmed case. County of residence for cases may change as new information becomes available. If changes occur, we will update our counts accordingly.

²For additional details on individuals who have died from COVID-19 in Oregon, please refer to our press releases.

³This includes cases who test negative and are not epi-linked to a confirmed case.

COVID-19 hospitalizations continue to rise

The number of hospitalized COVID-19 patients across Oregon increased to 529, eight more than yesterday.

There are 106 COVID-19 patients in intensive care unit (ICU) beds, nine fewer than yesterday.
